**Includes a two-point deduction for losing a lead greater than one for which a save is credited.*

Rolaids Scoring Formula: saves = 3 points; relief wins = 2 points; relief losses = -2 points; blown saves = -2 points.

BLOWN SAVE DEFINITION: When a relief pitcher enters a game in a save situation and departs with the save situation no longer in effect because he has given up the lead, he is charged with a blown save. (If the save opportunity still exists when he leaves the game, he is not charged with a save opportunity. If the pitcher has not given up the lead when he leaves the game, though the save opportunity may no longer exist, he is not charged with a save opportunity.) This method has been a part of the Rolaids formula since 1988.

While Houston pitchers have tossed the most no-hitters in baseball in their 31-year history, Astros batters have been among the toughest to shut down. Houston has been no-hit only twice in its history and has not been held hitless since April 30, 1969, when Jim Maloney of Cincinnati did it (3,643 games entering 1993). Only the Cubs have gone longer without being no-hit (September 9, 1965 by Sandy Koufax), a span of 4,167 games.

Former Houston Colt .45 John Paciorek holds the distinction of having the most at-bats of any of the handful of players who have ended their careers with a perfect 1.000 batting average. His lone appearance in the majors came on September 29, 1963 for the Colts against the New York Mets and he went 3-for-3 with three RBI and four runs scored. However, a back injury prevented him from ever returning to the major leagues.

The first three were "rained out" and all occurred in the first season (April 23 vs. Philadelphia, June 13 vs. New York, and July 16 vs. Chicago.) The fourth game was a "rain in" and occurred on June 15 of 1976 when as much as 10 inches of rain fell in the Houston area virtually flooding the entire city.

Only members of the Houston Astros and the visiting Pittsburgh Pirates were able to make their way to the Astrodome. Umpires, fans and stadium personnel were unable to reach the ballpark.

In their 31 years in the National League, the Astros have had just three players hit for the cycle. Cesar Cedeño was the first to accomplish it, by driving in four runs against the Reds at Houston in a 10-1 win on August 2, 1972. Cedeño repeated his effort on August 9, 1976 when he drove in five runs in a 13-4 win at St. Louis. Bob Watson did it on June 24, 1977, but he took 11 innings to do it. Watson drove in five of the Astros' six runs in a 6-5 win over San Francisco at Houston. Andujar Cedeño accomplished the feat just last year when the Astros lost to St. Louis 4-2 in 13 innings.

ASTROS HOME RUNS IN HOUSTON

Outfielder Jimmy Wynn owns the distinction of having hit the most home runs by a Houston player in Houston throughout the history of the franchise with a total of 97. Wynn hit 93 of his roundtrippers in the Astrodome (also a club record) and four in old Colt Stadium. And, speaking of old Colt Stadium, the record for Houston homers in that facility stands at 21 by Bob Aspromonte.

HOUSTON ASTROS PLAYOFF HISTORY

1980 NATIONAL LEAGUE CHAMPIONSHIP SERIES

In 1980, the Houston Astros claimed their first title as National League Western Division Champions. They then met the Philadelphia Phillies in the 1980 NLCS in what turned out to be one of the most exciting series in League Championship history.

In Game One, the Astros took a 1-0 lead with a run in the third inning off Philly starter Steve Carlton in Philadelphia's Veterans Stadium. However, Phillies leftfielder Greg Luzinski blasted a two-run home run off Ken Forsch in the sixth and Philadelphia went on to take the first game, 3-1.

In Game Two at the Vet, the two clubs played the first of what would be four straight extra innings games. Once again Houston scored first with a single run in the third. The Phillies took a 2-1 lead with a pair of runs in the fourth only to have the Astros tie the game in the seventh. Each team scored a run in the eighth to send it into the tenth where Houston scored four times to even the series at one game each with a 7-4 triumph.

For Game Three, the two clubs moved to Houston's Astrodome where things really got exciting. In the third game of the best-of-five set, each club held the other scoreless through 10 innings. In the bottom of the eleventh, Joe Morgan led off with a triple to right-center. Morgan was lifted for pinch-runner Rafael Landestoy and two intentional walks were issued to load the bases. Denny Walling lofted a fly ball to left field, Landestoy tagged up and scored the only run of the game to give Houston a 2-1 edge in the series.

Game Four had everything a baseball game could have, including tremendous controversy over an apparent triple play by the Astros. After all the arguing and a delay to confer with National League President Chub Feeney, the Phillies had evened the series once again with a 5-3 win in 10 innings.

The final game of the series, Game Five, was a culmination of what the previous four games had to offer. The Astros scored a single run in the bottom of the first, only to have the Phillies take a 2-1 lead with two runs in the second inning. Houston tied the game in the sixth and then exploded for three runs in their half of the seventh. Only six outs away from the National League pennant, Houston surrendered five runs to the Phils in the top of the eighth. But the never-say-die Astros scored two runs in its half of the eighth and the game once again went into extra innings. Philadelphia wasted no time and scored a single run in the top of the tenth to take an 8-7 decision and the National League flag.

Pinch runner Rafael Landestoy celebrates, while Phillies catcher Keith Moreland waits for the late throw from outfield as the Astros took a 2-1 lead in the series with a 1-0, 11-inning victory.

1981 NATIONAL LEAGUE WESTERN DIVISIONAL SERIES

Taking full advantage of the split season created in 1981, the Astros overcame a slow start and won the 'second' season with a 33-20 record. They then met the first half champs, the Los Angeles Dodgers, in a best-of-five series to decide the NL West Championship.

In the first game of the series in Houston, Fernando Valenzuela and Nolan Ryan battled equally for eight and one-half innings, each surrendering just one run. Then, in the bottom of the ninth with two out and Craig Reynolds at first, Houston catcher Alan Ashby crushed a pitch from LA reliever Dave Stewart into the right field seats for a game winning two-run home run.

Game Two of the series matched the first game for excitement with an equally dramatic ending. For 10 innings, Houston and Los Angeles played scoreless baseball. But in the Astros half of the 11th inning, Phil Garner and Tony Scott each singled to open the frame. After Jose Cruz flied to left, Cesar Cedeño was intentionally walked to load the bases. Art Howe then struck out to bring pinch-hitter Denny Walling to the plate. Walling sent the capacity crowd home happy by stroking a run-scoring, game-winning single to right as Houston took a commanding 2-0 lead in the best of five set with a 1-0 win.

The scene then switched to Los Angeles where the Dodger Stadium magic continued its spell over the Astros. In Game Three, the Dodgers pounced on Bob Knepper for three first inning runs and never looked back as Los Angeles made it two games to one with a 6-1 win.

The fourth game pitted rookie sensation Valenzuela against Vern Ruhle. Ruhle matched Valenzuela for four innings before Pedro Guerrero blasted a solo home run with two out in the fifth inning. Los Angeles added an insurance run in the seventh inning before Houston finally scored off Valenzuela in the top of the ninth, but the Dodgers held on to win 2-1 and even the series at two games apiece.

The deciding fifth game of the series pitted Jerry Reuss against Nolan Ryan. Once again the two pitchers matched each other for the first half of the game before the Dodgers scored three times in the bottom of the sixth. Behind the strength of Reuss' four-hit pitching, the Dodgers went on to take the game, 4-0, and the series, three games to two.

Catcher Alan Ashby finds a crowd of happy teammates waiting for him as he reaches home after slugging a game-winning, two-run, two-out homer in the first game of the Divisional Championship Series.

1986 NATIONAL LEAGUE CHAMPIONSHIP SERIES

The Astros confounded the experts who tabbed them to lose 100 games prior to the 1986 season by running away with the Western Division by ten games and earning the right to meet the New York Mets, who had demolished the East by a final 21 1/2 game margin. The two clubs then locked horns in an epic series that concluded in the longest and possibly most exciting playoff game in history.

The Astros rode the pitching of Cy Young winner Mike Scott to take a one game lead in the NLCS with a 1-0 victory in Game One. Scott fanned 14 to become the first pitcher to toss a complete game 1-0 victory and Glenn Davis provided all the offense that was needed by homering in his first at bat. Davis became the third player in National League history to homer in his first career series at bat and he also collected Houston's first-ever NLCS homer.

Mike Scott – 1986 NLCS MVP

The Mets evened the series at a game each by jumping on Houston starter Nolan Ryan for five runs and the Mets Bob Ojeda pitched out of a series of jams as New York took Game Two, 5-1. Ryan held the Mets hitless through three innings, but they broke through with a pair of runs in the fourth and three in the fifth. Ojeda scattered 10 hits to toss a complete game.

Lenny Dykstra's two-run homer with one out in the bottom of the ninth gave the Mets a 6-5 win in Game Three and a 2-1 edge in the series. Houston held leads of 4-0 and 5-4 only to see the Mets come back. Bob Knepper shut the New Yorkers out until the sixth when Darryl Strawberry slammed a three-run homer, but the Astros bounced right back when Bill Doran scored an unearned run in the seventh. That lead held until the ninth when Wally Backman opened the inning on a bunt single and then scored one out later on Dykstra's homer.

Scott came back with another powerful outing in Game Four to even the series 2-2. He tossed his second straight complete game and Alan Ashby and Dickie Thon each homered in a 3-1 Astros win. Scott ran his scoreless inning streak to 16 before the Mets finally reached him for a run in the eighth. Ashby staked his batterymate to a 2-0 lead with a two-run homer in the second and Thon added insurance with a solo blast in the fifth.

Nolan Ryan and Dwight Gooden matched fastball for fastball in Game Five, but neither were around for the finish when Gary Carter slapped a single in the bottom of the 12th to give the Mets a 2-1 win and a 3-2 lead in the series. Gooden went the first ten innings scattering nine hits, but the veteran Ryan was even better. Ryan struck out 12 in nine innings, allowing just two hits and one run, despite pitching the last five innings on a badly sprained ankle. The Astros again scored first, but Strawberry knotted the game at 1-1 in the bottom of the fourth with a line-drive homer to right.

If the first five games of the series had been exciting, they still paled in comparison to the sixth and final game. The script was familiar, Houston jumped out to an early lead only to have the Mets rally, but this time the finish was even more dramatic. The Astros jumped on Bob Ojeda for three runs in the first, while Bob Knepper blanked New York until the ninth when the Mets chased him with three runs of their own. The game stayed tied until the top of the 14th when the Mets moved in front by a run. But Houston struck right back as Billy Hatcher drilled a one-out homer off the foul pole in left. The war of attrition then moved into the 16th inning and towards its fifth hour as New York scored three times for a seemingly safe lead. But Houston rallied for two in the bottom of the 16th before Jesse Orosco put out the final fire as the Mets captured the National League title with a 7-6 win.

In addition to his BBWAA membership, Nealon was a charter member of the Pro Baseball Players Association, treasurer of the Houston Athletic Committee and was installed in the Texas Hall of Fame in 1988. ASTRODOME FACTS

The Astrodome is the world's first all-weather, multi-purpose domed stadium, and opened its doors for the first time on April 9, 1965 when the Astros played host to the New York Yankees in an exhibition game.

- officially named the Harris County Domed Stadium, the Astrodome was financed by an \$18 million general obligation bond which passed in January, 1961.
- the cost of the project, including off-site improvements, land acquisition, engineering fees, site roads and parking lot paving, was \$31.6 million.
- the Astrodome and its adjoining facilities - the Astrohall and Astroarena - are operated by Astrodome USA.
- under a lease agreement with Harris County that extends with options to 2024, Astrodome USA pays an annual lease fee, plus all operating costs for the right to sub-lease the facilities

RENOVATIONS

A new artificial turf for baseball and an enlarged seating capacity are two of the highlights of a \$60 million expansion project which was completed in the fall of 1989.

- the first stage of the renovation saw the concreting of the floor, which had been dirt since the stadium first opened in 1965.
- a new Monsanto "Magic Carpet" system provides separate turfs for football and baseball...the new turfs are housed in storage pits in center field and are rolled out on a cushion of air...each turf is marked for its sport and the new system substantially reduces the time needed for conversion of the stadium.
- the Astrodome is the first stadium in the country to have two separate playing surfaces at its disposal.
- after pioneering the idea of luxury suites in 1965 with Sky Boxes, 66 new Star★Columbia Suites have been added on the Club Level.

STADIUM COMPLEX COVERS 260 ACRES

The stadium structure covers nine-and-a-half acres of land, while the entire Astrodome complex covers 260 acres.

- the outside diameter of the Astrodome structure is 710 feet...the stadium's floor is approximately 25 feet below normal ground level, affording minimum vertical travel by fans.

COMFORTABLE CUSHIONED, UPHOLSTERED SEATING

There are 51,000 cushioned, upholstered (seat and back) theatre seats in the Astrodome, along with approximately 4,000 pavilion seats (wooden back, upholstered seats).

- seating capacity for baseball is 53,821; for football, 60,361; for conventions, 68,000; and a maximum of 74,000 for boxing or similar events.
- seating can be arranged to accommodate any type of sports or meeting from rodeos to national political conventions.
- to convert from baseball to football seating, the stands holding 10,000 seats on the Field Level rotate on steel rails until they parallel the football sidelines.
- seating is arranged on six levels, allowing in effect for six front rows...all seats face the center of the playing area for baseball and football with the radius point of the stadium 20 feet behind second base on the baseball diamond.

DIAMOND VISION AND SCOREBOARD

The infamous Astrodome scoreboard and home run spectacular were dismantled in September, 1988 to facilitate the 10,000-seat expansion program.

- two Diamond Vision screens, a large matrix board, two auxiliary matrix boards and a game-in-progress board replace the old system.
- each Diamond Vision is a 26 1/2 by 37 1/2-foot instant replay screen that brings field action up close for spectators...the screen's clear pictures are the product of 43,200 35mm CRTs (a home television is one CRT).
- the Diamond Vision brain is a state-of-the-art television production facility operated by a nine-person crew that includes technicians and cameramen.

- auxiliary matrix boards in left and right field display game information, messages, animation and out-of-town scores...the game-in-progress board is located behind home plate. These two systems became operational during the winter of 1988.
- a 26 by 34-foot matrix board was constructed in left field and began operation during the 1989 baseball season...this board is the primary source of messages, animations, out-of-town scores and statistics...the scoreboard system, built by the Fairtron Corporation, is controlled by high-level personal computers and is operated by a three-man crew.
- the system is the largest computer-run matrix board in the nation.

RAMPS, ESCALATORS PROVIDE EASY ACCESS

Wide, low-pitched ramps and two sets of escalators provide easy access to seats...the entire stands can be emptied in nine minutes with a maximum crowd.

UNIQUE ROOF AND LIGHTING SYSTEM

The permanent roof of the Astrodome, which has a clear span of 642 feet (twice that of any previous structure), has a maximum height of 208 feet above the playing field, which would allow the construction of an 18-story building under the roof.

- the roof design consists of a steel lamella frame incorporating trussed beams arching upward to meet at the center, braced in a diamond pattern.
- the steel skeleton supports a roof containing 4,596 cast acrylic sheet skylights (7'2" by 3'4").
- the roof can withstand hurricane winds of 135 miles per hour and gusts up to 165.
- the field is illuminated to an average brightness of 265 footcandles by 800 floodlights...the total electric power consumed exceeds 18,000 KVA, more than that needed by a city of 9,000 population.

MORE THAN 6,000 TONS OF AIR CONDITIONING

The stadium is completely air-conditioned with 6,600 tons of cooling capacity during events.

- the system circulates 2.5 million cubic feet of air each minute,
- also every minute, 250,000 cubic feet of fresh air is drawn into the stadium, conditioned by electronic filters and activated charcoal odor removers, then distributed through the system...smoke and hot air are drawn out through the top of the roof.

NIGHT GAME: Any game that starts at 5 p.m. or later.

QUALIFICATIONS FOR BATTING CHAMPIONSHIP: Highest batting average based on a minimum of 502 appearances at the plate, which may include walks, sacrifices, hit by pitcher, etc.

QUALIFICATIONS FOR PITCHING CHAMPIONSHIP: Lowest earned run average with a minimum of 162 innings pitched.

SAVE RULE: Credit a pitcher with a save when he meets all three of the following conditions: (1) He is the finishing pitcher in a game won by this club; and (2) He is not the winning pitcher; and (3) He qualified under one of the following conditions: (a) He enters the game with a lead of no more than three runs and pitches for at least one inning; or (b) He enters the game, regardless of the count, with the potential tying run either on base, or at bat, or on deck (that is, the potential tying run is either already on base or is one of the first two batsmen he faces); or (c) He pitches effectively for at least three innings.

CONSECUTIVE-GAME PLAYING STREAK: A consecutive game playing streak shall be extended if the player plays one half-inning on defense, or if he completes a time at bat by reaching base or being put out. A pinch-running appearance only shall not extend the streak. If a player is ejected from a game by an umpire before he can comply with the requirements of this rule, his streak shall continue.

DETERMINING ON-BASE PERCENTAGE: Divide hits plus total bases on balls plus hit-by-pitch by at-bats plus total bases on balls plus hit-by-pitch and sacrifice flies (for purposes of this percentage, ignore being awarded first base on interference or obstruction).

DETERMINING PERCENTAGE OF GAMES WON AND LOST: Divide the number of games won by the total games won and lost.

DETERMINING THE MAGIC NUMBER: Determine the number of games yet to be played, add one, then subtract the number of games ahead in the loss column of the standings from the closest opponent.

OSCEOLA

Florida State League—A

With the Central Division's best record over the first half of the season, the Osceola Astros advanced to the Florida State League Playoffs where they defeated the Port St. Lucie Mets, two-games-to-one, in the first round. The Astros season ended, however, when they fell in the third and decisive game of round two versus the Baseball City Royals.

On the way to reaching the playoffs, several players established individual franchise records. The first mark to fall was Brian Meyer's 25 saves in 1987, which was eclipsed by **Jim Dougherty**, who finished the season with 31. **Ben Gonzales'** 60 appearances shattered the old record of 54, set by Joe Schrieber in 1986, and **Chris Hill's** 16 wins tied Rob Mallicoat's franchise-best set in 1985.

Offensively, right fielder **Chris Hatcher** set a new Osceola record with 17 home runs, one more than Mike Simms hit in 1988. Hatcher missed one month of the season with a broken bone in his right hand, but was able to set the mark by blasting 12 round-trippers in his final 50 games while batting at a .339 clip (64x189). Second baseman **James Mouton** also entered the record books with 110 runs scored, 218 total bases and 584 at-bats.

SPRING TRAINING INFORMATION

Osceola County Stadium

Kissimmee, Florida 34744
(407) 933-6500

Osceola County Stadium has been the spring home of the Astros since it opened in 1985.

ASTROS SET FOR NINTH KISSIMMEE SPRING

The Astros return to Kissimmee in 1993 to begin the ninth Grapefruit League season at their Osceola County Stadium Complex.

The Astros moved to their state-of-the-art facility in 1985 after spending the previous 21 years in Cocoa, FL. When it opened, the complex was hailed as the best of its kind in Florida, and its unique "cloverleaf" design has served as host to many local civic events.

The playing field at Osceola County Stadium, which hosted the Astros 100th game in Kissimmee last year, was recognized by *Sports Turf Magazine* and the Beam Clay Company as its Baseball Field of the Year for 1990-91. Recent improvements to the stadium and surrounding grounds have included renovation of press, ticket office and concessions areas (1991) in addition to padding for the outfield fences this year.

The Astros opened their facility on March 3, 1985 when a record crowd of 7,210 saw the Astros defeat the Yankees. In 1992, the Astros averaged a record 4,806 for their 13 games played at Osceola County Stadium.

Houston first conducted spring training in Apache Junction, AZ in 1962 and 1963 before moving to Cocoa in 1964.
